

CONSTRUCTION

 Only available on a Duffy

PATENTED M-HULL TECHNOLOGY PROVIDES:

- Superior side-to-side, fore and aft stability not obtainable in a catamaran hull.
- The unique hull shape reduces the energy required to achieve maximum hull speed while providing the longest cruising times of any electric boat in its class.
- No bow wave helps save the shoreline from erosion.

REVOLUTIONARY PATENTED PROPULSION SYSTEM

- Exceptional turning capability, it will turn within its own length for those narrow canals and close maneuvering. Only electric inboard boat that will "steer" in reverse.
- Eliminates belt noise, belt alignment, low belt tension, hoses, leaking packing glands, hose clamps, long shafts, and cutlass bearings.
- "High and Dry" motor location away from the wet bilge

HAND LAMINATED FIBERGLASS HULL AND DECK

- All the fiberglass work is done "in house" at our six-acre facility.

HIGH GLOSS UV INHIBITED ARMORCOTE GELCOAT

- For superior fade resistant qualities, a must for colored hulls.

INTEGRATED NON SKID FLOOR SURFACE

- Attractive pattern enables boat to be comfortable with or without carpet.

POSITIVE FOAM FLOTATION

- Boat will not sink (Coast Guard requirement) even with passengers along side.
- Positive flotation is not required in a catamaran.

SMOOTH FINISH AND VENTED FIBERGLASS BATTERY AND STORAGE COMPARTMENTS

- Easy to clean, will never need painting, won't chip or peel. Water resistant to keep your items dry.

2 COATS OF ANTIFOULING PAINT (BLACK)

- Prevents growth on bottom to provide maximum speed potential.

WATERLINE AND SIDE ACCENT STRIPE

- UV protected marine vinyl striping stands up to the sun for years.

STANDARD GRAPHIC ALONG SIDE OF HULL

PROVEN RELIABLE ELECTRIC SYSTEM

 Only available on a Duffy

REVOLUTIONARY PATENTED POWER RUDDER WITH ADVANCE DC MOTOR

- Shunt wound motor. Eliminates forward and reverse contactors for increased reliability.
- H class windings in motor highest rating available for long lasting power output.
- Lifetime warranty on motor from the manufacturer Advance DC Motors.
- High current cut out protects the system.

INFASPEED™ DIRECTION AND SPEED MODULE

- "Plug and Play" technology for easy service anytime, anywhere.
- Features high current cut out for maximum protection and safety.

PATENTED PROPELLER

- Designed specially for maximum efficiency at speeds up to 6 miles per hour.
- 4 blades for best stopping and starting power.
- Weed-less design sheds unwanted kelp and seaweed automatically.
- Composite construction will not corrode in saltwater. Flexsmart™ technology reduces possible damage when coming into contact with hard objects.

EIGHT TROJAN T-105 BATTERIES

- Trojan is the largest producer of golf cart batteries in the world.
- Proven longer, more dependable cycle life.
- Available worldwide.

120-VOLT AUTOMATIC SMARTCHARGE™ MODULE

- Three stage charger 15 amp output fully charges batteries overnight after a full days use.
- Provides digital read out of condition of charge.
- Features self-diagnosis mode with sound warning system. Available worldwide.

ANALOG "FUEL GAUGE"

- Shows full, half, empty and "on charge".

DUFFY "MAGIC BOX" 12-VOLT CONVERTER

- Provides clean, efficient power for all 12-volt accessories.
- Eliminates the need for separate 12-volt system.
- Assures your accessories have equal run time while cruising.

CUSTOM DASH PANEL

- Water resistant two position on/off switches for bilge pump, interior lights, horn, and navigation lights.
- Charger indicator light and fuel gauge so you know the power going in and the power going out.

HANDSOME CUSTOM DASHBOARD

- Ignition key turns off and on all 12 and 48 volt power.

INTERIOR CABIN FEATURES

Only available on a Duffy

EXCLUSIVE "WRAP AROUND" INTERIOR SEATING LAYOUT

- Highest grade marine vinyl (4") bottom cushion with 2" thick Sunbrella fabric backrest
- Allows for comfortable seating for up to 11 adults.
- 25 lineal feet of cushion length which is the most in its class by 40%!
- Widest interior floor space of any 16' electric boat.

INNOVATIVE "FORWARD DECK ACCESS"

- Permits boarding from both sides or from directly forward.
- Clear Plexiglas sliding double doors disappear when opened.
- Additional starboard side disappearing sliding door access.
- Wheelchair access with 55 inches of clearance, most in its class.
- Integrated forward swim platform, largest in its class.

ERGONOMICALLY DESIGNED CENTER STEERING CONSOLE

- Comfortably fits the largest skipper to the smallest.
- Toe kick feature increases foot space.
- Features perfect space to set a portable ice cooler.

PORT AND STARBOARD FORWARD COUNTERTOPS

- Perfect for serving or preparing food for your guests.

SAILORS DREAM TRASH COMPARTMENT

- Top loading and uses less valuable cabinet space than a trash container.
- Loads into a large size trash bag.

FORWARD GALLEY

- Ample storage for sunglasses, boat registration, car keys, and valuables.
- Securely locks with key for safe keeping while ashore.
- Generous area in cabinet for cups, plates, beverages, napkins and like items.

OVAL SHAPED FIBERGLASS TABLE

- Custom portable design.
- Leave it at the dock for more interior space to walk around or take it with you.

70 QT. BUILT-IN INSULATED FIBERGLASS ICEBOX

- Keeps ice frozen for days!

HARDWARE AND OTHER FEATURES Only available on a Duffy

CHOICE OF FULL SURREY TOP OR DOUBLE FOLDING BIMINI TOPS

- Full Surrey comes with canopy and full cockpit cover (Sunbrella) and no window enclosure.
- Double folding Bimini comes with full cockpit cover (Sunbrella) and no side curtains.

BOW AND STERN LIFTING EYES

- Great for tie down points to trailer while on the road.
- Easy offloading and launching with spreader bar.

STAINLESS STEEL "POP UP" CLEATS (4)

- Cleats disappear for a clean look and safer operation.
- Won't snag on something for additional safety.

CUSTOM STAINLESS STEEL STERN FLAG HOLDER

120-VOLT FLUSH MOUNT TWIST LOC CHARGING INLET

- Mounted inside cabin for safe, trouble-free connection.
- Away from rain and wash down water.

THREE AUTOMATIC BILGE PUMPS

- One pump in each hull provides maximum safety.
- Each Johnson Pump is capable of 500 gallons per hour.
- Cartridge design allows for easy clean out and very reliable operation.
- Automatic switch cannot become jammed like traditional float type switches.
- Manual switch on dash for pump allows for testing. Switch can be set to automatic position or manual.

DC 12-VOLT POWER OUTLET

- Power for your cell phone, blender, searchlight, TV and more.

NAVIGATION LIGHTS

- Port and starboard bow lights.
- 15" folding stern light pole for 360-degree visibility.

INTERIOR 120-VOLT AC OUTLET ACTIVATED WHEN USING DOCK POWER

- Plug in a dehumidifier to eliminate mold in winter months.
- Convenient AC power for a vacuum or other devices while using dock power.

INTERIOR FLOOR AND OVERHEAD DOME LIGHTS

- The Ultra-Dim controller allows you to softly illuminate the interior while enabling the Captain to safely navigate while underway at night.
- Red light feature in overhead dome lights makes it easy to see and drive at the same time.
- Boarding dome light "always ready" when you arrive onboard in the dark.

CD, FM WATERPROOF STEREO

- Comes with 4 great sounding waterproof speakers.
- Ipod™ ready too!

25 FEET OF MOLDED TWIST LOC CHARGING CORD

- Reduces the possibility of coming detached from boat wakes or stormy weather.
- Long lasting molded ends to keep moisture out, eliminating corrosion.

PERSONALIZE YOUR DUFFY INTERIOR WITH THE FOLLOWING UPGRADES

LUXURIOUS SEAT AND BACKREST CUSHION UPGRADE AVAILABLE IN:

- All-fabric cushions and backrests.
- Ultraleather™ cushions and backrests for the most comfortable feel ever.

 Only available on a Duffy
